Skills

English	
Communication	
Tech-Savvy	
Interpersonal	
Management	

I am a fast learner and a logical thinker, easily adjusting to new situations. I'm naturally enthusiastic, however, I am also committed and persistent when required. I am driven to excel and enhance my skills, and I believe that with the proper training, I can take on any task. Apart from that, I am married and a mother to a 9-year-old boy. I respect nature, and I am a good mood-seeker.
